::

Hey guys,

I will be on the road for AML site work next Monday, during our regular monthly RPM call.

I can have my new AML staff drive while I field the call, or we can change the date of the call.

Thu, 6/8 we have our monthly call with ARC, and I like having our calls before that one.

I will be in the field and mostly tied up Mon, Tue, and Wed, and I already have a Thu am call just prior to our call with ARC, so that doesn't leave many options.

Are you guys okay with keeping the 9 am call Monday, knowing that I may lose you during a brief period of no or poor reception?

If we shifted it to 8 or 8:30 am, there is less chance of getting dropped from the call because I will still be closer to good reception areas.

Let me know your preferences as soon as you can.

Thanks,

Jeryl R. Gardner, P.E., C.E.M.
